

Press Release

The Halton-Peel Chapter of Professional Organizers in Canada (POC) commemorated National Organizing Week (NOWeek) event by providing free-of-charge organizing services for the Habitat for Humanity ReStore location in Hamilton on Wednesday, May 2, 2007.

POC volunteers Ella May Russell, Janet Barclay, and Elaine Jermy, donated a total of 20 hours to organize the store's plumbing and electrical sections. In addition, the Chapter donated \$120.00 towards organizing products for the project. As a result of this endeavour, clutter has been reduced, making better use of storage and reducing the stress load of ReStore staff and volunteers.

National Organizing Week is an annual event sponsored by Professional Organizers in Canada (POC).
